INTERNSHIPS

Nov 2025 - present	Backend developer Intern, Sciens software Technologies Working as a Backend Developer Intern at Sciens Software Technologies, I am involved in designing, developing, and maintaining backend services and APIs using modern technologies. I work primarily with FastAPI and Python to build scalable and efficient web applications.
Jun 2023 -Jul 2023	Data Analyst Intern, Edunet Foundation During my internship, Contributed to meaningful projects and gained valuable hands-on experience in data analysis techniques, data visualization, and statistical analysis. Am committed to harnessing the power of data to drive informed decision-making and provide actionable insights.
Oct 2022 – nov 2022	Machine Learning Intern, Suvridha Foundation Throughout this experience, I delved into the intricate world of NLP, honing my skills in understanding and processing human language. My brief yet intensive exposure to real-world NLP challenges has sparked a strong passion for this domain.
